REHABILITATION  
& WELLNESS  
SOLUTIONS

## January was Parkinson's Month

At Trio Rehab. our therapists love working with patients who have Parkinson's Disease! We are BIG & LOUD certified and offer all three disciplines of therapy (PT, OT, & SLP) in one convenient location!

## WHAT IS: Lymphedema?

Lymphedema is a chronic condition where lymph cannot properly drain out of an extremity, face, or neck typically after an event such as surgery where lymph nodes are removed. Shannon Runion, PT, CLT is a certified lymphedema therapist and can help your patients! Read more on our website blog at [triorehab.com](http://triorehab.com)

## Mobile Swallow Study

Did you know

## We are STROKE CERTIFIED!

Effective March 4th, Trio Rehabilitation's Physical Therapist, Suzanne McCrum, and Occupational Therapist, Jennica Colvin are Certified Stroke Rehabilitation Specialists (CSRS)!!!

The National Stroke Association formed a partnership with Neurorecovery Unlimited, LLC and offered their first stroke certification trainings in 2013. Stroke remains the 5th cause of death and leading cause of serious disability as every 40 seconds someone has a stroke in America.

Suzanne McCrum, PT has 25+ years of experience with neurological patients, including stroke patients. Jennica Colvin, OT holds 17 years of experience with patient care. This additional certification propels Trio Rehab. into a tried and true neurological clinic for the West side of San Antonio, the Hill Country, and beyond!
