

## (Re)Meet Trio Rehab

Greetings!

There are a few new faces around town, and we wanted to take a moment to reintroduce ourselves. We are TRIO Rehabilitation and Wellness Solutions. Whether you're a new provider or a long-time referrer, welcome! We appreciate you.

Our talented therapists have more than 75 years of combined clinical experience and hold special certifications, including:

- NeuroDevelopmental Techniques for Stroke Rehabilitation
- Vestibular Certified for Dizziness
- VitalStim for Swallowing Difficulty
- Certified Hand Therapy
- Certified Stroke Rehabilitation Specialist
- LSVT Big & Loud for people living with Parkinson's Disease

With every patient, our goal is to optimize movement and improve independent function. We help our patients become the best versions of themselves! Regardless of the role, every member of the TRIO family embraces a culture of living life to the fullest. And everyday, we work to do that by taking a customer-first approach.

Thank you!  
Jennica Colvin | Owner

## When to Refer a Patient to Therapy?

The goal of therapy is to improve a person's ability to independently engage in the things they want to do! Therapy services are a solid first line of defense against the use of pain medications, costly imaging, unnecessary surgery, and even debilitating falls leading to high mortality rates.

To better understand when, why and to whom you should refer, download our free guide, "Understanding Rehabilitation Therapy" at [bit.ly/WhenToRefer](http://bit.ly/WhenToRefer).
